ABOUT COMPANY

For the first time, India Bullion Jewellers Association (IBJA) is launching **IBJA GOLDEN DIRECTORY**. It is to encourage Bullion & Jewellery traders and manufacturers all over India to get listed in this trade association directory. This directory will help in locating any Bullion traders or Jewellers across India.

We welcome you to register in this directory and increase your network. Each registered company will have its own web presence in this website and a dedicated page will be provided to showcase your company profile and your jewellery brands.

NEWS

CA Surendra Mehta, National Secretary-IBJA, appointed Member-Precious Metal Advisory Committee by Govt of India

INDIA BULLION AND JEWELLERS
ASSOCIATION LTD.
Since 1919

The Indian Government has announced the establishment of an independent Precious Metals Advisory Committee (PMAC) at the International Financial Services Centre Authority (IFSCA) to enhance the development of the precious metals' ecosystem in the Gujarat International Finance Tec-City (GIFT-IFSC) and India's overall gold economy.

The PMAC will play a pivotal role in providing insights and recommendations on various aspects of the precious metals' ecosystem. Its mandate encompasses strategic and operational considerations, product development, processes, and other relevant issues.

CA Surendra Mehta, National Secretary at IBJA has been appointed as one of the Members of the Precious Metal Advisory Committee.

The creation of the PMAC stems from the Union Budget 2018-19, which highlighted the Government's intention to formulate a comprehensive Gold Policy. The policy's objective was to promote gold as an asset class and establish a regulated and consumer-friendly system of gold exchanges in the country. Building on this, the Union Budget 2020-21 introduced the establishment of an International Bullion Exchange (IIBX) at the IFSC, operating under the regulatory oversight of the IFSCA. This initiative was designed to enhance India's position in global bullion markets.

The IFSCA, in collaboration with relevant Government departments, agencies, the World Gold Council (WGC), the India Gold Policy Centre (IGPC), industry and trade bodies, and GIFT City, laid the groundwork for the IIBX. This exchange, which was formally launched by Hon'ble Prime Minister Shri Narendra Modi on 29th July, 2022, is supported by a consortium of five major Market Infrastructure Institutions (MIIs) in India and GIFT-IFSC. Given the complexity and magnitude of the tasks at hand, the IFSCA has established the PMAC as an independent body.

While the migration to ICEGATE, an electronic data interchange portal for traders, is expected to significantly boost trading volumes, the IFSCA recognises the need for broader participation and increased liquidity on the IIBX. To achieve this goal, the IFSCA aims to expand the range of tradable products on the exchange, including derivatives and leasing products, to attract domestic and international banks and other global participants.

As the PMAC commences its work, stakeholders in the precious metals industry eagerly anticipate the committee's recommendations and their potential impact on the development of the sector. The establishment of the committee marks another significant step in India's journey towards establishing a robust and regulated gold ecosystem, as outlined in the government's ambitious Gold Policy initiative.

”

Robbery-related violence is on the rise!

Violence during robbery incidents is increasing everywhere, in stores, against sales agents on the roads and at various exhibition events. Recently, a secured courier company employee was murdered, a jeweler was murdered in Houston, and others were injured in various robbery incidents.

Violent events typically happen in two situations. One, where unskilled robbers use violence in the very early stages of the incident. And two, when robbers lose their temper and the incident ends with severe violence, due to individuals' defensive behavior in an attempt to fight over the goods and save them from being robbed.

We remind and recommend that robbers' instructions must be obeyed. No matter where an attack occurs - on the road, in the store or at offices. The merchant's role is to prevent the robbery, to detect tale signs of a coming attack, to understand at an early stage that an attack is about to take place, and in general - to always follow the rules of preventive behavior.

Nevertheless, if a robbery occurs, you should not try to prevent it; you should not try to resist; you should not try to "defeat" the robbers. Behave as calmly as possible and follow the instructions given by the attackers - any attempt to fight back may make the incident more violent.

WORLD SILVER
— COUNCIL —

• ABOUT US •

The World Silver Council is a market development organisation for the silver industry. Working within the investment, jewellery and technology sectors as well as engaging in government affairs, its purpose is to provide industry leadership whilst stimulating and sustaining demand for silver. With our unique insight into the global silver market, we see unrealised potential for silver across society. With world-class organisations, we intervene to create new possibilities and work to ensure silver mining is responsibly undertaken, with measurable economic benefit globally.

Based in India, the World Silver Council is a n organization whose members comprise the country's leading silver miners, dealers, bullion dealers and silver jewellery retailers and manufacturers.

The world of silver is dynamic. Its uses are widely-varied, and its desirability is resilient and enduring. Silver helps combat infections and is an essential element in bacterial control medicinally. It protects the wealth of individuals and nations alongside gold. It is a precious metal considered important for future revolutions in science and carries memories across generations and cultures.

• VALUE •

India Bullion and Jewellers Association Ltd. reputation and honour must always be maintained as priority. All members irrespective of the title and membership status, should act faithfully to and for the betterment of the association and should not misuse their positions for personal benefits and gains. ANKITST EXIM INC

One stop solution for jewellery Manufacturer

Filing table without dust collector

- Great heavy duty work bench perfect for small space stainless steel top.
- Multiple drawers with stainless steel dustcollection tray.
- Stand for hanging flexible shaft motors
- Power saving light system for better visibility of work. Wooden bench pin with standard size as mentioned and also can be fabricated as per costumer requirement.
- The unit is anesthetic powder coated for - Non sticky surface for easy removal of dust.

Ganthan

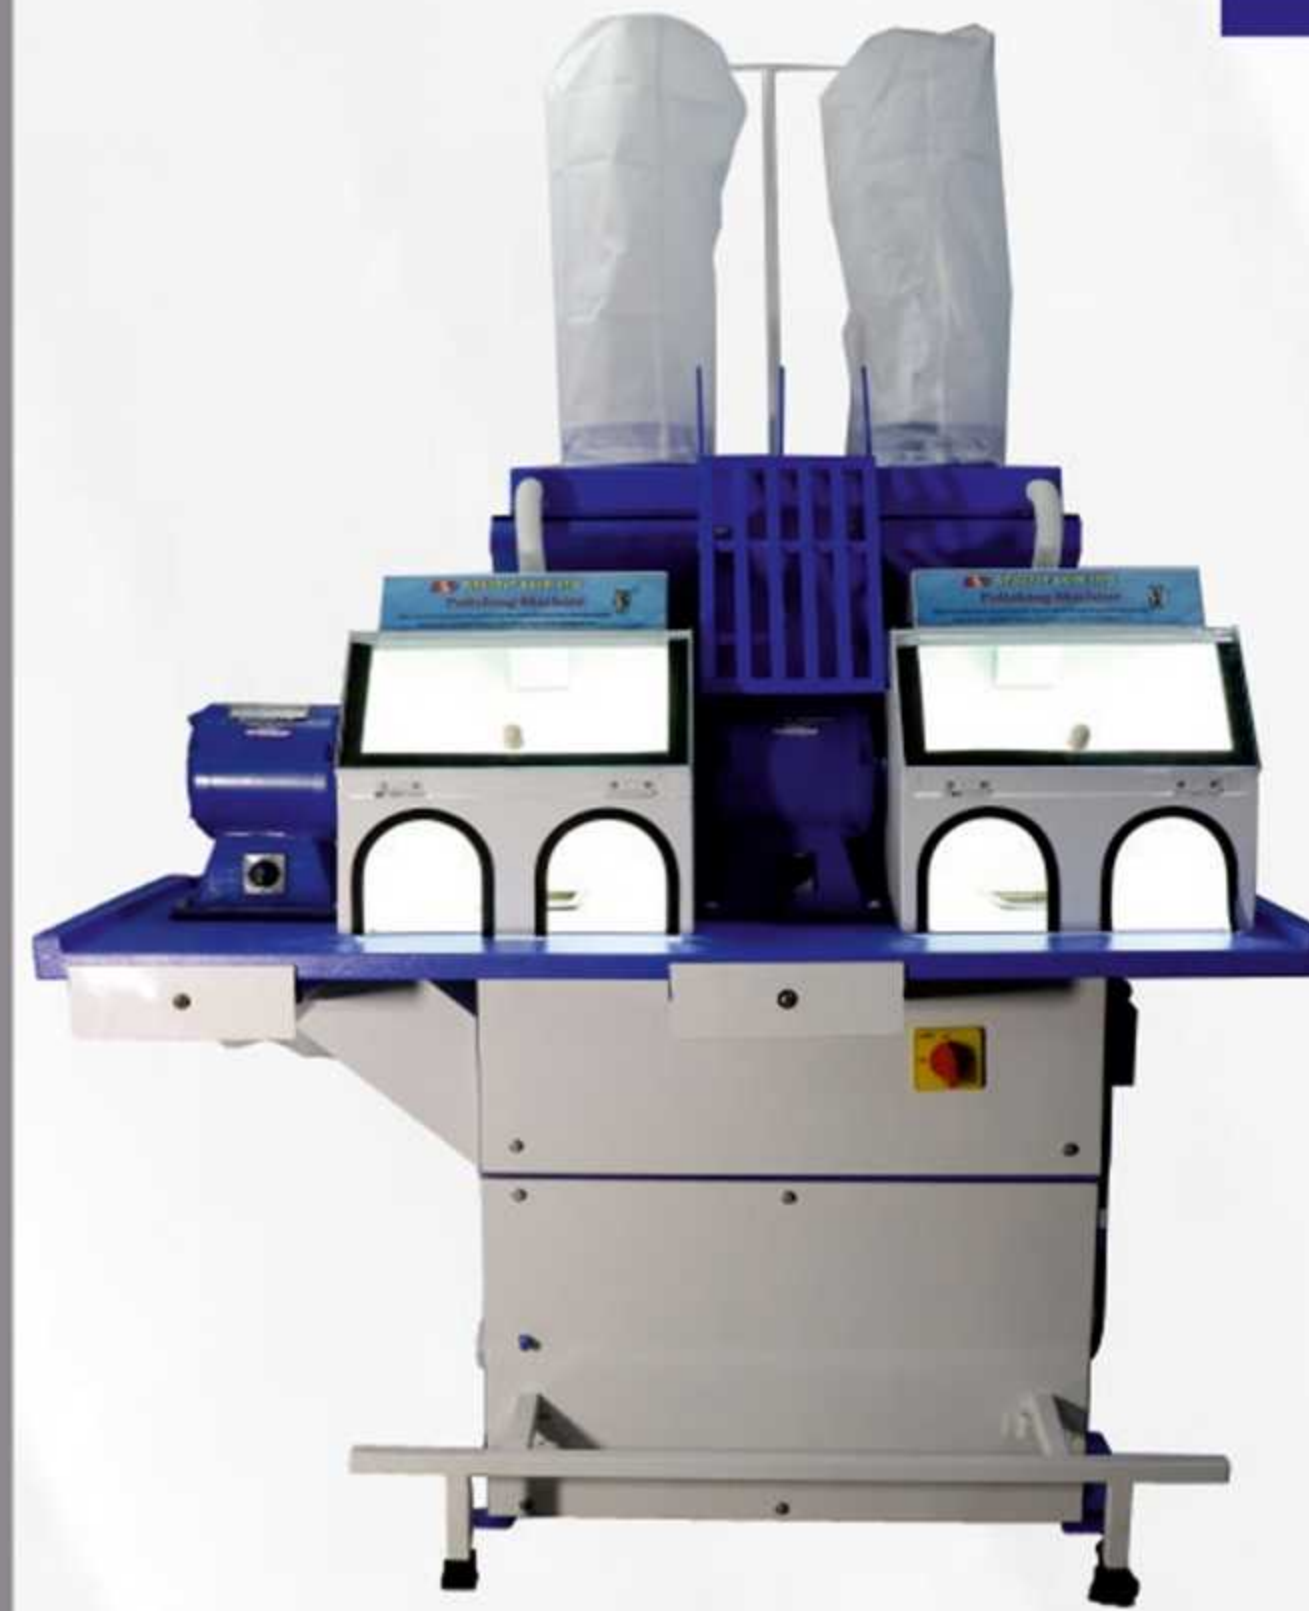

- Machine Weight 400 kg
- Electric load 220v 25 Amp
- Machine size
- Speed max 45 pcs / min
- Servo motor control technology
- High Processing speed
- Atomic Feed
- Single head operating
- Synchronized operation
- Different programming of different axis
- Machine Dimensions 950mm*655mm*1335mm
- 8 air bar pressure

Vaccum Casting Machine CIII

- Flask with flange
- 1.5 Kg Metal Capacity
- 7Kw Induction Power
- Pressure Differential Casting
- Self diagnostic alarm function
- Vibration stirring before casting
- Independent Vaccum on each chamber
- Excellent quality / high efficiency castings

2 Station Polishing Table

- Independent light controller for hood.
- Hood Heavy suction motor.
- Strong polishing motor 2 station.
- Hapa filter for finde calculation.
- Primary filter for independdnt dust collection.
- Special design silencer for noise reduction.
- Locking system for filter cartridge.
- Strong metal top with two number of drawers.

Filing Table with Dust Collector

- High Efficiency Dust Collector system by Heavy Suction of Bolwer
- 5 Micron Filter Bag for High Rate of Recovery
- 1/2 HP Pedestal Motor of 2800 RPM. with 7 long grinding spindle & Wheel
- Use Acrylic wood for high Thickness with Light Reflector.

Burnout Furnace

- We manufacture static types of Burnout Furnace having open or embedded type heating element
- For even heating in burnout furnace chamber we provide with 2, 3 or 4 side heating element.
- Robust construction is supported by grade insulation and heating coil of kanthal ensures long life of furnace and minimum heat loss.
- De-waxing module is incorporated at the bottom of furnace to give carbon free clean white module.
- Furnace is designed to accommodate maximum number of flask.
- We provide PID controller for ramp and safety door switch and shoak program.

The Best Machine Collection.

Over 1 lakh unique designs at HJF By Informa Markets in India

The Hyderabad Jewellery, Pearl and Gem Fair (HJF 2023), the most awaited and premium jewellery trade show of South India, will be back in the city of Pearls in its 15th milestone edition. The turnkey exhibition will be held between the **9th – 11th of June 2023** at HICC, Novotel, Hitech City.

HJF will showcase over 650 traditional, modern and innovative exclusive Brands with over 1 Lakh unique designs. Over 250 top exhibitors will participate this year, comprising jewellery brands, fine finished Jewellery manufacturers, wholesalers, retailers, importers and exporters, jewellery manufacturers, machinery manufacturers, diamond, gemstone, loose stones and pearls manufacturers, precious metal and jewellery mounting traders, packaging and display, hallmarkers, assayers and representatives from trade and government bodies.

The flagship show, organised by Informa Markets in India, India's leading B2B exhibitions organiser, will be held in association with Hitech City Jewellery Manufacturers Association (HJMA) and, for the first time, India Bullion and Jewellers Association (IBJA).

**JEWELLERY
& GEM**
HYDERABAD
14th edition

09 - 11 June 2023
HICC, Novotel, Hyderabad

Speaking on the participation at and partnership with HJF, **Mahender Kumar Tayal**, President, Hitech City Jewellery

Manufacturers Association (HJMA), Hyderabad, said, "We HJMA are official supporters and partners of HJF 23. HJF 2023 plays a very important role in the jewellery industry and this is South India's biggest show for studded jewellery. We have seen tremendous growth in HJF, and is doing wonders in last 15 years. Whoever visits the show takes back a lot of leads and business opportunities."

EVENT

Commenting on the maiden association with HJF, **Dr. Chetan Kumar Mehta** – National Vice-President, India Bullion and Jewellers Association Ltd. (IBJA) said, “We are pleased to partner with Informa Markets in India, the world leader in organising jewellery exhibitions and HJMA on the occasion of the 15th edition of the show. This partnership will strengthen the business and networking relations between us and generate an opportunity for members to procure the best deals in this dynamic market. I request everyone to avail and leverage the maximum benefit from this opportunity to grow their business”.

Speaking on the announcement of the much-awaited Hyderabad Jewellery, Pearl and Gem Fair 2023, **Yogesh Mudras**, MD Informa Markets in India said, “With our global footprints and a deep understanding of the pulse of the market garnered meticulously over 15 years, the HJF, in this milestone year and with consolidated partnerships, is poised to showcase the immense growth potential and trends of the industry. It will provide a wholesome umbrella for jewellers, import & export merchants, and industry associations to connect with one another and explore new solutions and opportunities. We are confident that the 15th edition of the HJF will be a great success and will contribute to the sustained development of the Gems and Jewellery sector, especially in the South of India,” he added.

Announcing the launch of the 15th edition of HJF, **Pallavi Mehra**, Senior Group Director, Informa Markets in India, said, “I am delighted to associate with India Bullion and Jewellers Association Ltd. (IBJA), one of the esteemed and growing associations of India. Our association with Hitech City Jewellery Manufacturers Association (HJMA) over a period of 15 years and strategic partnership with IBJA will help us serve the gems and jewellery industry more effectively. I am confident that the expertise received from these dynamic associations will give new business aspects to Hyderabad Jewellery Pearl and Gem Fair 2023 and benefit the industry.”

The show will also see participation from Indian cities such as Mumbai, Telangana, Tamil Nadu, Delhi, Gujarat etc. As a precursor to the event, HJF also held road shows, and Association meets in various cities such as Karimnagar, Vijayawada, Guntur, and Warangal. The show shall connect jewellers in around 80 cities across Telangana and Andhra Pradesh.

Shree Ramkrishna Exports conducts groundbreaking sustainability conclave

Shree Ramkrishna Exports (SRK) organised 'SRK Sustainability Conclave 2023' on 20th May 2023 in Surat, Gujarat. The first-of-its-kind conclave was supported by Natural Diamond Council (NDC) and The Southern Gujarat Chambers of Commerce & Industry, with knowledge partner as The Global Network for Zero.

The conclave, whose theme was "Rethinking Corporate Climate Action", highlighted how leaders in India are addressing critical topics such as sustainability, green building, net zero, and corporate social responsibility while maintaining a growth mindset, and discuss how best to handle the most pressing issues faced by industry, government and society due to climate change. Over 400 attendees enriched their perspectives on corporate climate action, networking with industry veterans.

The sustainability conclave was attended and addressed by renowned personalities like **Mahesh Ramanujam**, President & CEO- The Global Network for Zero; **Kamilla Kristensen Rai**, Counsellor at the Delegation of the European Union to India- Urbanisation; **HE Lakshyaraj Singh Mewar**, MD- HRH Group of Hotels; Prof. **Rajat Moona**, Director-IIT-Gandhinagar; Kartikeya Sarabhai, Founder & Director - Centre for Environment Education (CEE);

Prashant Tiwari, Chief Sustainability Officer - Amara Raja Group; Anindya Chowdhury, Country Manager- Energy Transitions Programme- Shell; CA Priti Savla, Chairperson- Sustainability Reporting Standards Board, ICAI; Ravi Agrawal, Managing Director- Gencrest; Arun Misra, CEO & Whole Time Director- Hindustan Zinc (Vedanta Group); Prof. Haritha Saranga, Indian Institute of Management - Bangalore and Mohal Lalbhai, Founder & CEO- Matter Group. Along with them, Shri Ajay Tomar, Police Commissioner of Surat was also graced the event.

SRK is well-regarded for its leadership in sustainable practices and has committed to be Net Zero for both its diamond crafting facilities by 2024, which is six years ahead than India or any Indian MNC. A preview report named "Pure Impact" was launched at the conclave. The landmark report includes a history of SRK's sustainability evolution, an in-depth look at local and global philanthropic endeavors, detailed updates on their sustainability,

the industry leading employee benefits and workplace experience that has allowed them to give back so much to their people, and retain a sub 1% attrition rate.

Malabar Gold and Diamonds first jewellery group in India to get TRQ license for gold import through IIBX

Malabar Gold and Diamond has become the first jewellery group in India to obtain a TRQ (Tariff Rate Quota) license from the Director General of Foreign Trade (DGFT) whereby they can import gold through India International Bullion Exchange (IIBX).

TRQ will help the group in importing gold through the IIBX under India-UAE Comprehensive Economic Partnership Agreement (CEPA) at reduced duty rates with convenience and transparency.

Malabar Gold & Diamonds is the first qualified jeweller to put a trade to buy gold on IIBX under India-UAE CEPA directly through IIBX. This has become possible with the Indian Customs Electronic Data Interchange Gateway (ICEGATE) getting enabled at Gujarat International Finance Tec-City (GIFT City) SEZ.

“MP Ahammed, Chairman, Malabar Group said, “It’s a matter of pride for us that Malabar Gold and Diamonds has emerged as the first jewellery group in India to obtain TRQ license for gold import. We would like to thank all the authorities who have made this transaction possible. This will further strengthen our mission - 'Make in India Market to the World'. The TRQ license will also pave the way for us to become the number one jewellery group in the world.”

Malabar Gold & Diamonds has also achieved an unparalleled feat which is a global first for any exchange transaction when the Bullion Depository Receipt (BDR) got settled within 30 minutes of the trade.

Jeweller manufacturers names from BIS CARE app removed

A pending demand to the Ministry of Consumer Affairs, from GJC, to remove the jewellery manufacturer's name from BIS CARE app has been met. Jewellery manufacturers' names, that could be accessed by keying in HUID number, from BIS CARE app have been deleted. This solves the issue of confidentiality and privacy.

HALLMARKING UPDATE

REMOVAL OF TRACEABILITY OF SOURCE OF MANUFACTURING

It was a major concern for retailers that customer who use the BIS Care app can trace the source of manufacturing. The app used to show the manufacturer's name once HUID number was entered in the App. This was creating privacy issues and making it difficult for the jewellers to sell jewellery.

Based on Industry representation the same has been removed, which has come as a big relief for the industry.

NEWS

Surat diamond industry reels under G7 sanctions on Russia global recession fears

The fresh sanctions from G7 on Russian diamonds will impact the employment of nearly 30 lakh diamond workers in Surat as well as in Saurashtra, Amreli and Bhavnagar.

Surat's diamond industry hit by global slowdown, unrest, and floods in Africa, from where raw diamonds are sourced. Workers union say 20% companies have halted operations.

Diamond units in Surat have been suffering from non availability of Russian rough diamonds and fears of global recession.

Exporters are worried that if fresh sanctions are put in place, then the movement of cut and polished diamonds from India will be further impacted.

G7 to impose restrictions on Russian diamond trade

In a united effort to curtail Russia's revenue streams and apply additional pressure amid escalating tensions, the Group of Seven (G7) nations announced following its meeting in Hiroshima their commitment to imposing restrictions on the trade and use of diamonds sourced from Russia.

The Group of Seven (G7) nations have pledged to focus on keeping Russian diamonds out of the market, while the UK will ban them completely.

The move aims to diminish the financial resources derived from diamond exports and deter further Russian aggression. G7 leaders have also expressed their intent to collaborate with key partners to ensure the effective implementation of future coordinated measures, leveraging advanced tracing technologies.

Diamonds hold significant economic value for Russia, and the G7's concerted effort to restrict their trade is expected to have a tangible impact on the country's revenue.
