Robbery-related violence is on the rise!

Violence during robbery incidents is increasing everywhere, in stores, against sales agents on the roads and at various exhibition events. Recently, a secured courier company employee was murdered, a jeweler was murdered in Houston, and others were injured in various robbery incidents.

Violent events typically happen in two situations. One, where unskilled robbers use violence in the very early stages of the incident. And two, when robbers lose their temper and the incident ends with severe violence, due to individuals' defensive behavior in an attempt to fight over the goods and save them from being robbed.

We remind and recommend that robbers' instructions must be obeyed. No matter where an attack occurs - on the road, in the store or at offices. The merchant's role is to prevent the robbery, to detect the signs of a coming attack, to understand at an early stage that an attack is about to take place, and in general - to always follow the rules of preventive behavior.

Nevertheless, if a robbery occurs, you should not try to prevent it; you should not try to resist; you should not try to "defeat" the robbers. Behave as calmly as possible and follow the instructions given by the attackers - any attempt to fight back may make the incident more violent.

Government Allows 16k Jewellers to Sell Old Gold Stock

The Indian Government allows over 16,000 jewellers to sell their "declared" old gold hallmarked stock until June-end. A recent meeting with jewellery and sector expert bodies led to the nodal consumer affairs ministry issuing a gazette notification regarding the matter. As per the notification, only those jewellers who had declared their old stock are allowed to sell their articles before June 30, 2023.

Additional Secretary in the Ministry, Nidhi Khare, confirmed that 16,243 jewellers had disclosed their old hallmarked jewellery on July 1, 2021. Khare stated that the remaining registered jewellers would begin selling gold jewellery with the six-digit alpha-numerical HUID hallmark from April 1, 2023. This is the final deadline, and no more extensions will be given to clear old stock.

"Ayaani to Open Gujarat's First Exclusive LGD Jewelry Store in Ahmedabad"

Ayaani, a jewellery brand from Surat, is opening Gujarat's first exclusive lab-grown diamond (LGD) showroom in Ahmedabad on Saturday. The 1600 sqft showroom, located in the Sindhu Bhavan area, is the first of its kind in the state.

Ayaani's owner, Rajni Chanchad, claims they have developed products that look even better than natural diamonds, offering a new option to buy products at affordable rates for diamond jewellery lovers. While there are a couple of LGD jewellery exclusive stores in Mumbai, this will be the first in Gujarat. According to Chanchad, LGD is a revolution in the market like electric vehicles in the automobile industry and will change the way the gem and jewellery industry functions.

Vicenzaoro showcases jewelry innovations

Vicenzaoro showcased new jewelry-making technologies and sustainable practices. Legor Group sponsored the event and presented their precious metals, which are certified by the RJC as 100% recycled. NYC Jewelry Week co-founders, J.B. Jones and Bella Neyman, presented a program in the Teatro Palladio hosted by TRENDVISION Jewellery + Forecasting. They discussed how 20th-century fine art and industrial technologies have influenced jewellery design trends, observing that technical breakthroughs can help generate new trends and perhaps popularise new materials.

The January 2023 edition of T.Gold, which is part of Vicenzaoro, registered a 10% increase in the number of exhibiting brands over 2022's figures. Exhibitors discussed potential solutions for supply chain slowdowns, including United Precious Metals Refining Inc. (UPMR Inc.), which has been a leading supplier of recycled fine gold and silver for over a decade. Demand for recycled gold continues to rise, straining supplies, but conflicting and ever-evolving definitions of recycled gold have also contributed to the shortage. Vicenzaoro featured panel discussions on environmental responsibility and sustainability practices, corporate social responsibility (CSR) programs, and preserving intangible jewellery heritage.

"Emerging jewellery designers get ready to shine at UK Jewellery Festival as Bright Young Gems relaunches as Bright New Gems"

Bright Young Gems, the emerging industry talent and mentoring initiative for graduating jewellery designers, has been relaunched as Bright New Gems as it opens for applications for the 2023 programme. The initiative has been renamed in response to feedback from colleges and students, who wanted a more inclusive name.

The programme is now in its eighteenth year and supports six winners with their first commercial platform. The National Association of Jewellers, Retail Jeweller, and the Benevolent Society are among the industry bodies supporting the initiative. For the third year in a row, the six winning Bright New Gems will showcase their collections at the two-day UK Jewellery Festival 2023 Trade Event in September.
