Robbery-related violence is on the rise!

Violence during robbery incidents is increasing everywhere, in stores, against sales agents on the roads and at various exhibition events. Recently, a secured courier company employee was murdered, a jeweler was murdered in Houston, and others were injured in various robbery incidents.

Violent events typically happen in two situations. One, where unskilled robbers use violence in the very early stages of the incident. And two, when robbers lose their temper and the incident ends with severe violence, due to individuals' defensive behavior in an attempt to fight over the goods and save them from being robbed.

We remind and recommend that robbers' instructions must be obeyed. No matter where an attack occurs - on the road, in the store or at offices. The merchant's role is to prevent the robbery, to detect tale signs of a coming attack, to understand at an early stage that an attack is about to take place, and in general - to always follow the rules of preventive behavior.

Nevertheless, if a robbery occurs, you should not try to prevent it; you should not try to resist; you should not try to "defeat" the robbers. Behave as calmly as possible and follow the instructions given by the attackers - any attempt to fight back may make the incident more violent.

LGDs add dazzle to Raksha Bandhan

This year jewellers in Surat have been flooded with orders for LGD rakhis. Earlier, when mined diamonds were used to make premium rakhis, jewellers made each piece to order. Dipak Choksi of D Khushabhai Jewellers said rakhis with mined diamonds now cost up to Rs 5 lakh each. However, LGD rakhis are pocket-friendly and Surat's jewellers have a ready stock of rakhis priced from Rs 500 to Rs 10,000 each.

Surat Diamond Bourse officially recognized by Guinness World Records as the largest office building

The new Surat Diamond Bourse (SDB) has officially been recognized by Guinness World Records as the largest office building in existence. Surat Diamond Bourse surpasses the Pentagon as world's largest office building. "The sprawling complex boasts an incredible 659,611 m² (7.1 million sq. ft) of floor space, spanning 35 acres of land, surpassing the USA's Pentagon as the world's largest office building," says Guinness in an announcement on Tuesday 22 August). The Pentagon, HQ of the US Defense Department, has just over 6.6m of floor space.

SDB, built at a cost of \$388m, will challenge the dominance of Mumbai's Bharat Diamond Bourse, currently the world's largest diamond bourse and home to around 2,500 traders. Prime Minister Narendra Modi is due to inaugurate the new bourse on 17 December 2023.

INDIA to aggressively push for LGD market share

India is taking a shot at the global diamond trade with its lab-grown variety, whose exports were estimated at around \$1.5 billion in 2022-23. Fuelling its expectations is US Federal Trade Commission (FTC) recognising it as 'cultured', instead of artificial or synthetic.

On the eve of the G20 ministerial meeting here, commerce and industry minister Piyush Goyal said lab-grown diamonds are made through natural elements and the recognition by US FTC will further enhance their acceptance globally and benefit Indian entities. "It is a huge thumbs up for the Indian industry."

The government had sought to provide an impetus to lab-grown diamonds in this year's budget and provided for a grant of Rs 242 crore to IIT-Madras to establish an India Centre for Lab-Grown Diamond. These diamonds are cheaper compared to natural ones, and price depends on the size and quality.
